

Curriculum Linguae 2007

Sprachenvielfalt durch
Linguistic Diversity through
Diversité linguistique à travers l'

Integration, Innovation und Austausch
Integration, Innovation and Exchange
Intégration, l'Innovation et les échanges

Under the banner “Curriculum Linguae 2007 – Linguistic Diversity through Integration, Innovation and Exchange” approx. 130 experts of modern languages education from all over the world convened in Tampere, Finland in September 2007 for the final conference of the first international survey-based study on Content and Language Integrated Learning in German (CLLiG). During the conference, around 50 talks and presentations were given on various aspects of school-based education for multilingualism.
